ACTIVITY #7A: What's Your Story?

1. Pick three or four questions from the list below and jot down some answers:

- a. I first learned about climate change when...
- b. Climate change has personally affected me or someone I'm close to by (describe in what way: sea level rise, flooding, drought, fire, etc.)...
- c. I'm passionate about taking action on the climate by...
- d. I learned about Climate change and what it means for my future when...
- e. An action I've taken on climate that I have found to be personally empowering...
- f. What other actions could I see doing for climate?

2. Pair-up with someone and share your responses to the above questions.
